SONOMA CELEBRATES CUT-OFF OPENING WHILE PATRIOTISM WITH POMP AND CEREMONY MAKE THREE DAYS CELEBRATION JOYOUS

A long cherished dream is realized for Thursday marks the opening of the Black Point Cut-off and Sonoma Valley is celebrating in a manner befitting so epochal an occasion in the progress of this section of California. Our celebration is honored with the presence of California's most distinguished citizens, Governor Wm. D. Stephens who dedicates the bridge and Mayor James Rolph Jr. of San Francisco who is orator of the celebration's opening day.

We are proud to welcome the splendid young men comprising the United States Marines from Mare Island and it is a rare treat to have once heard the splendid military band that accompanies them.

With flags flying and buildings decorated in the colors of King Carnival Sonoma is indeed a joyous realm over which our beautiful Queen reigns. Her graciousmajesty, Queen Matilda in her handsome robes and surrounded by the pretty ladies in waiting, Misses Ranker, Goldsmith, Kennel, Minkel, Mullen, etc. in their pink, blue and white beruffled gowns comprise a lovely court and with so inspiring andentrancing a sovereignity the celebration will go down in history as a brilliant spectacle and memorable success.

THE PARADE

The parade led by a platoon of S. F. police and Grand Marshall Jack Murray, mounted on a handsome black high spirited horse and wearing a white plumed hat was impressive from start to finish.

With the arrival of Mayor Rolph and the marines with their band the festivities were quickly gotten under way.

The Native Daughters and Queen Matilda were prominent in the first division.

Sonoma Parlor of California girls wore white dresses and large filmy picture hats of white and yellow. Miss Gertrude Brietenbach represented America, Mrs. Robin California and Mrs. G. Bertoli, Liberty. The rest of the Native Daughters carried a large flag and they marched beautifully and looked extremely pretty. The Native Sons turned out strong and were accompanied by their drum corps.

The Queen float was drawn by four beautifully caparisoned horses the reins over which were held by Enrico Castagnasso. The float was trimmed in ivy and her majesty Matilda smiled and bowed her acknowledgement of the cheers of the large crowds along the line of march Chas. Groskopf and J. M. Sobbe's division of the parade was accompanied by the Santa Rosa band, visiting committees, Wells Fargo stage coach of '49 days on which rode "Truthful James" Albertson, renowned driver of pioneer days, wild west cowboys and girls and the other attractive features of the resorts.

After the countermarch the participants proceeded to the grand stand in the plaza where the exercises were held.

The prizes were awarded to the following by special judges on the reviewing stand.

Otto Brandt on Laddy, (cow boy) first prize for best feature, $5. Mrs. Bertha Stadtler (cow girl) second, $2.50. Best organization, Native Daughters, silk flag. The Clerici pony and cart which carried the big ice cream cone was also a winner.

EXERCISES

The platform where the exercises of the day took place faced the west side of the plaza and here F. Duhring, chairman of the program welcomed the crowd and voiced his satisfaction at the triumph of Black Point Cut-off's completion. Mayor Von Hacht then presented the key of the city to the Queen after which America was sung by the assembly accompanied by the Santa Rosa band. There was a spirited talk on the War Loan by J. J. Miller secretary of the Twelfth Federal Reserve district. Miller brought home the vital necessity of the United States' most humble citizen's interest in the financing of the war. Mrs. Emparan then sang, choosing for her number the popular favorite "Sunny Dells of California." She was heartily applauded and was followed on the program by Mayor James Rolph whose appearance was the occasion of cheers from the crowd. Rolph is an easy and eloquent speaker and after reviewing the history of bridge ceremonies he congratulated Sonoma on the the magnificent Black Point project and contrasted modern methods of travel with the hardships and crude paths blazed by the pioneers whose sons are now building so magnificently.

The speaker dwelt on the historic environment of Sonoma where the stars and stripes were first unfurled over California and said it was fitting and proper that we of this valley should feel a more than deep interest in the history of the flag now menaced by autocracy. He declared that the Liberty Bond was the bridge over which we could bring victory and everlasting peace through the world wide democracy for which we entered this war.

In conclusion the mayor of San Francisco reiterated the interest of his city in our new highway connection and proferred the aid and friendship of the metropolis of the Pacific to Sonoma Valley.

BANQUET

The banquet at the Woman's Club House was a beautifully appointed affair. Flags and banners festooned the entrance way to the artistic building.

Within, the banquet hall was festively adorned with the golden colors of California. Mayor and Mrs. Rolph were seated at the center table whose minature sunken garden with dainty yellow flowers and maiden hair ferns was indeed beautiful. Those at the mayor's table were F. T. Duhring, Mayor Von Hacht, Mrs. Ralph Hotz, Mrs. Emparan, Miss Baccala (Queen Matilda) Mrs. W. L. Murphy, Senator Slater and the guests of honor, Mayor and Mrs. Rolph.

The table was in charge of Mrs. H. J. Wicker whose handsome handpainted china adorned the places and was much admired. The menu was as follows: Olives, Grape Fruit Boullion in cups, Crab Salad, Chicken with creamed giblets, Green Peas, pommes de terres, Sherbet, Cakes, Cafe Noir.

The visiting enrolling party of the U. S. Navy, Paymaster Miller and wife, Mrs Wilford and the Marine's commanding officer, Lieutenant Selz, the Queen's attendant's, Mrs. Adler of parade committee and other invited guests were seated at the other tables over which Mesdames Duhring, Ryland and Hotz presided.

Today Mrs. Gottenborg will be in charge of a fifth table for the Governor's banquet which promises to be a brilliant affair.

The splendid young men comprising the marines were entertained at a chicken pie dinner in the Masonic building. The tables were gay with red white and blue flags and flowers, sweet peas lending themselves to the patriotic color scheme. The Methodist ladies served a dinner par excellence and the boys were high in their praise of the fine home cooking. Many of these young marines are University of Minnesota boys who enlisted five weeks ago. After their entertainment they gave an exhibition drill and concert which terminated in a dance at Union Hall. Everyone enjoyed the presence of these gentlemanly young fellows in our midst and they were cheered to the echo at the farewell concert prior to their departure for El Verano where they took the special train provided by the celebration committee for their transportation to and from Vallejo.

Thursday night's festivities concluded with an illustrated lecture by the Naval recruiting officers and dancing. The carnival was the mecca of the gay crowd and the performing lions and other shows proved of great interest.

New Era With Better Roads

Sonoma Valley is proud to celebrate the opening up of the Black Point Cut-off, for here it was that the idea which has borne such magnificent fruit first took root. That splendid booster organization the El Verano Development Association passed the original resolution introduced by Frank Sprague in 1913. The Black Point Cut-off owes its inception to this earnest group of workers and incidentally we are all indebted to Frank Sprague for his unremitting activity in arranging a celebration which would be worthy of an event so splendid as the completion of this highway project across the Petaluma river. Frank is no SLACKER!

A long cherished dream has been realized in the completion of the Black Point Cut-off and Sonoma Valley now has a direct outlet to the great city of San Francisco and direct entrance to the Capitol of our Golden State. It is fitting that we should celebrate this great new era in our progress, for good roads have shown themselves to be the forerunner of greater prosperity and to add almost instantly monetary value to the territory through which they pass. The Black Point Cut-off is the great artery through which this newer life and quickened activity will pulse but we of Sonoma Valley must strive now for the lateral which will connect up with it and be an attractive detour for the traveler along the splendid highway.

It is hoped that this celebration will be the stimulus for the campaign we all earnestly look forward to and that a road district will be formed to take care of this matter at an early date.

We feel that the people are in thorough accord with the idea of this imperative improvement and predict that before another year the traveling public will find the Valley of the Moon connected up by one of the finest laterals in the state.

Sonoma Valley's Supervisor, Harry Weise has shown what can be done in the way of good roads by giving us two miles of good traveling up past the Springs. Let the good work go on—to Santa Rosa.

Calistoga is setting us a fine example in the way of advertising her attractions. The entire comunity is "on the job" and as a result our pretty neighboring country is attracting much attention. A spirit like Calistoga's is worthy of emulation.

If you get bumped on some of our roads, it's the bumper crops.

It's a long road that has no highway.

If you hit a chuck hole chuckle.

You are welcome!

GEORGE GOESS DIES IN AUTO RIDE

Falls Off Running Board and Dies of Fractured Skull Sunday Night

George Goess, popular young employee of F. Duhring, met with a tragic end Sunday night while riding on the running board of a Ford runabout driven by Emil Andrieux. He was hurled to the road near the Springs and suffered a fractured skull from which he died shortly after midnight.

Andrieux, owner of the car was accompanied by Buck Carpenter, Clem Cornelius and George Goess and as there was not room for all, the young man who was destined for destruction volunteered to ride on the running board.

While the car was going at a high rate of speed coming toward Sonoma he was thrown to the road and when picked up by his companions was found to be fatally injured. He was rushed to the Gobar Sanitarium but he pased away about two hours later.

George Andrew Goess Jr. was the son of Mr. and Mrs. G. A. Goess of this place and was 33 years of age. He was one of the most popular young men, liked by everyone and noted for his good nature and his obliging manner. He was prominent in lodge circles and was a general favorite. His keen wit and companionable way won him friends everywhere and his presence in the firm where he was employed will be sadly missed by many patrons.

The family has the sympathy of the entire community in the loss of their son and brother. His sister, Mrs. Homer and Mrs. Hazel Fowler were here for the funeral Wednesday and many and beautiful were the flowers that decked the grave on the silent slope of Mountain Cemetery.

Coroner Phillips held an inquest last Sunday over the remains of the deceased and the coroner's jury brought in a verdict of accidental death and reprimanded Emil Andrieux, driver of the car from which Goess met his death. It was shown that he was driving in a reckless manner and he was admonished to be more careful or his license would be revoked.

NAVAL RECRUITING OFFICER IN SONOMA

The Traveling Enrolling Party of the United States Naval Reserve Force was requested to take part in the celebration at Sonoma on Flag Day. Invitation was extended to the party by Mr. Price of Santa Rosa.

Our traveling schedule called for offices to be opened in Napa on the 14th, but in order to take part in the Sonoma Celebration we will remain in Sonoma over the 16th.

Our party consists of nine officers and men traveling in decorated cars.

Any Sonoma men or young men, between the ages of 18 and 58, who wish to enroll in the Naval Reserve can do so in Sonoma on the 14th—after that date in Napa.

The Naval Reserve Force must not be confused with the State organization which formerly bore that name. It is an actual part of the Navy, organized under the Navy Department for duty with the Navy in time of war and provides the opportunity for enrollment in time of ar only. IN TIME OF PEACE YOU CAN RESIGN AT ANY TIME.

The lowest ratings in which we enroll are those of seaman second class and fireman second class. We are particularly in search of all mechanics such as machinists, boilermakers, carpenters, painters, plumbers, copbakers, cooks, hospitalcorpsmen, musicians, electricians, etc. In fact we believe we have a place for service for practically every occupation used in civil life.

The only difference between enlistment and enrollment in the Reserve is that in the Reserve you skip the lower ratings entirely and can resign in time of peace if you so desire.

Sonoma young men desiring information regarding the Reserve or the Navy proper will meet with every courtesy at our office in Sonoma on the 14th and Napa thereafter.

HARVEY L. MILLER
Assistant Paymaster, U. S. N. R. F.
Enrolling Officer

P. S. Enrolled men are then furnished with an enrollment card which makes them exempt from the draft. They are then allowed to remain in civil life until actually needed.

Acting under orders of Captain Robert L. Russell, U. S. Navy, Commandant of the Twelfth Naval District, the Traveling Enrolling Party for the United States Naval Reserve Force is now here.

The party, which consists of nine officers and men, a complete staff for the examination, both professional and physical, of applicants, is prepared to enroll men for the Navy, and administer the Oath of Office right here in our home town.

The Slogan of the party is "California Volunteers Wanted" for service in the Navy, the nation's first line of defense.

The Naval Reserve presents a wonderfully fair offer for patriotic service. Recruits are not asked to become professional men of warsmen for the regular period of enlistment.

Men are asked to enroll in their own trade or calling, for active service in time of war only. They enroll here and are placed upon the available list. In time of war they are subject to call; they may or may not be called, but WHEN they are called it will be because the nation needs them and their service.

Mechanics, musicians, bakers, cooks, carpenters, machinists, coppersmiths, fireman, seamen, blacksmiths and other trades are particularly needed. Men without trades can be accomodated in the lower ratings.

The advance party travels in a Detroiter four passenger automobile while the main party travels in a Westcott seven passenger. Both of these cars were volunteered to the Government by the Kiel-Eevans Company, of Oakland. Many other firms offered cars, but Kiel-Evans also offered the personal servicces of their two sons, Ray C. Kiel and Ted Schleuter. In view of this patriotic offer the Kiel-Evans cars were accepted and the two boys enrolled as machinists. They are now driving their cars in the service of Uncle Sam.

The party carries two reels of motion pictures on Navy Life which will be shown locally together with a lecture on the Navy and the opportunities offered in the Navy. The lecture will be given by Assistant Paymaster Miller, Officer in charge of the Party. Mr. Miller is a fine example of the opportunities offered for promotion in the Navy. He enlisted as an apprentice seaman in 1906. All are invited to the lecture, for which no extra charge will be made.

In time of peace members of the Naval Reserve Force may resign at any time or they can continue serving if they so desire. In time of peace members of the reserve are permitted to make a three months training cruise each year. After this cruise, if qualified, the member continues on "retainer pay" for four years to follow, even if he performs no other active duties.

This is the fairest recruiting offer which has yet been made here.

The personnel of the party consists of:

Asst. Paymaster Harvey L. Miller, Asst. Surgeon Albert B. Vogel, Chief Master at Arms Robert Bishop, Chief Yeoman G. E. McLoughlin, Chief Pharmacists Mate E. H. Collins, Gunners Mate W. H. Neeley, Machinist's Mate Ray C. Kiel, Machinists Mate Ted Schlueter.

The office of the Naval Reserve recruiting bureau is at John Picetti's next to the Post Office. Moving pictures illustrative of this branch of the service was shown at the Don Theatre Thursday night.

Local Notes

Among the public spirited contributors to the celebration fund were Fred Boyington and Ben Meyer, two names which were unintentionally omitted from the list as heretofore published.

Mrs. Clarence Nauman has been visiting her mother, Mrs. A. Bates.

Sam Sebastiani, who has made Sonoma wines famous in New York, has just returned from a successful busines trip east. Mr. Sebastiani has one of the largest wineries in this part of the state and is an extensive buyer of grapes.

Miss Meta Stofen, successful representative of on of the large publishing houses of the east who has been doing splendid work in and around Visalia, has been home on a short visit to her mother.

Miss Amy Heggie, who has just graduated from High School, has decided to take up banking and has already started work at the First National Bank of which her father, N. J. Heggie is cashier.

Miss Emily Poppe is in Arbuckle this week where she is attending a fashionable wedding.

Mr. and Mrs. Chas. Poppe of Glen Ellen were guests Sunday at the Small home.

Yours very truly,
O. BREMNER.

The Congregational Ladies Aid was delightfully entertained by the hospitable members, Mesdames Bill, Erickson and England on Tuesday.

Man Killed When Work Train Jumps Track and Engine Plows Into Field.

The usually quiet precincts of the Granville Harris ranch below El Verano was the scene of a terrible wreck Monday in which one man lost his life and several more were badly injured as the result of the derailment of the work train on which they were riding.

The train consisting of engine, tender, caboose and two flat cars loaded with rails was backing down the track toward Schellville and after leaving the crossing was going at a high rate of speed. Suddenly it left the track and plunged along the ties into the field on the Harris ranch, the rails falling on one man, Louis Langeur and crushing out his life.

The engine careening in its wild flight split a rail as it left the ties and went into the Harris vineyard. It remained upright however as it plowed into the ground and brought up its plunge about 100 feet away from the right of way.

The engineer and fireman were unhurt but the crew of workmen who had been riding on top of the load of rails on the flat cars were all more or less injured, some very seriously.

Fracesco Viher, fractured skull, fractured pelvis and compound fracture of limbs.

Ales Mehas, fractured pelvis and shoulder and possible internal injuries in addition.

L. Catalini, laborer, internally injured.

Biro Mellas, laborer, bruised.

Jack Ford, timekeeper, bruised.

The dead man, Louis Lengeur had just gone to work for the company. He came to El Verano looking for employment and was directed by Louis Lamotte to the section boss who assigned him to this crew.

As soon as the news of the wreck was received here Doctors Gobar and Hays rushed to the sceneof the wreck and did everything possible for the injured, several of whom were brought to town and remained here until Wednesday when they were taken to the Railroad Hospital.

A wrecking crew was dispatched to the scene of the derailment and worked all night cleaning the track. Passengers were transfered around the wreck.

The wild flight of the train and the subsequent mishap was witnessed by Sam Rainey, son-in-law of C. F. Carmer.

GALA TIME AT BOYES SPRINGS

The traveling Men's Association had a grand pow-wow at Boyes Springs last Monday night. The affair was inagurated with a dinner at Steve's Grill where ravioli were served together with many other appetizing courses. The jolly company then went over to Boyes Springs Theatre where they had a stag jinks and general good time.

A Prehistoric Lake.

One of the most interesting remnants of a prehistoric lake in the United States is that now known as Estancia valley, which lies south of Santa Fe and east of Albuquerque, N. M. From examination of the deposits in this section geologists are of the opinion that this lake existed at the same time as Lake Bonneville, in Utah, and other ancient lakes of the arid west during the cold, humid glacial period. The theory of the existence of an ancient lake in the valley is based on the presence of shore features and lake sediments. Sea cliffs, terraces, beaches, beach ridges, spits and bars are found on all sides of the lake flat at altitudes between 6,100 and 6,200 feet above sea level.—Argonaut.

Modern Uhlans.

The uhlans are a distinctive corps. The name is by no means distinctly German. A body of uhlans was formed for the French army by Marshal Saxe. They were introduced into the Prussian service in 1740, and forty years later the Austrians also had a corps of uhlans—light cavalry armed with lance. The modern uhlan may be classed with the heavy cavalry.—London Opinion.

VINEBURG

Three carloads of wine were shipped from this station the past week by the Gundlach Bundshu Wine Co. to eastern points. One car contained 145 Barrels—a record breaker.

Mine host Louis Martin of Vineburg Inn assisted by John Pluth and an able corps of assistants who are kept busy these days attending to the wants of about 40 guests who are now registered at this popular resort. Mr. Martin knows his business when it comes to catering to the public. Believe me.

Miss Jessie Hiser returned home on Monday last after spending ten days among the forests of Mendocino county as the guest of Mr. and Mrs. John Peck. Miss Jessie was delighted with her trip and reports that she caught some very large fish but she cannot say how heavy they were as they did not have any "scales" on their backs.

Albert Groskopf the popular driver of Batto's delivery truck accompanied by his brother Joe Groskopf, chief engineer of the Gundlach Bundshu Wine Co. motored to Colfax, Placer County on Friday last where they will be the guests of Mr. and Mrs. Arthur Batto for several days. Enjoy yourselves boys.

"Ethel Eastlake" informs us that there was not enough hot air or gas in Sonoma City on Thursday to raise the baloon. Too bad, Ethel, for if Vineburg had only been called up she she would have responded. Enrico Forni, our marshal has an automatic device that he can attach to a Sampson windmill that can produce any kind of cold air and if he failed we we could have sent up Jim Small and he would sing the latest song hit, "Up in a Balloon Boys" and to get away from the "hit" the baloon could arise and never come back.

Ex-mayor Cummings of Healdsburg is being greeted by Sonoma friends. He was one of the greatest boosters for the Cut-off and is gratified at its completion.

SONOMA WALLOPS PETALUMA

Sunday last Sonoma defeated the fast Petaluma aggregation of ball tossers by score of 9 to 2. It was in reality a walk over for the home team as the visitors were helpless against the masterly pitching of Whitlow, while the Cut-off boys gathered in jingles at will.

The attendance was even smaller than last Sunday, which is quite a surprise as the team is playing winning ball and is recognized by San Francisco's leading newspapers as one of the fastest semi-pro teams in the state. Be on hand Sunday to see Sonoma trim the fast Sperry Flour team.

Dresel was the star of last Sunday's and driving in six of Sonoma's 9 runs. The scouts will soon be after him.

Palucci was unable to appear Sunday but will be on deck for this week's game.

Baker, a fast shortstop late of the Heinz Tigers has been signed by Manager Dal Poggetto for the balance of the season. This will surely bolster up the infield and now it has a regular stonewall appearance all set for Sunday's game. Come out and root!

MANY ACCIDENTS TO AUTOS

With the increased traffic on the roads the Sonoma Valley has been the scene of many accidents the past week, some of the unfortunate occurences having had fatal consequenees.

Last Friday night a machine containing five people went over the bridge between Verano and Cantor's place, dropping into the creek and injuring several of the occupants of the machine very seriously.

William Darethy of San Francisco was the worst hurt of the party. He suffered two shattered ribs and a cave in of the chest and was otherwise cut and bruised.

One of the young women in the party was pinned underneath the car and was badly cut and bruised. The other occupants of the machine were William Schott of San Francisco and two other young women. Schott was bruised up considerably and the young women suffered from the shock and minor injuries.

On Sunday night there was the fatal accident to George Goess, the young man who was persuaded to ride home in the little Ford runabout and had to stand on the running board from which he was hurled to his death while the machine was being driven at a high rate of speed.

About the same time of this accident along the same road while George Angrove the popular and talented trombone player was walking toward Sonoma he was run down by the reckless driver of a machine and bowled over. Fortunately he escaped unhurt.

ELDRIDGE NOTES

The many friends of George Hamson will be pleased to hear that he is recovering from a severe attack of rheumatism.

The new Girls Nursery Building at the State Home was opened June 1st with Mrs. Ray McIntyre in charge, assisted by Mrs. Brennan and Mrs. Hopcroft and Mrs. Wainright.

Work is being rushed on the new Barracks Building, which will be soon ready for occupancy.

Plans are already under way for the Children's Fourth of July Programme which promises to eclipse all previous efforts at entertainment.

Eli Mathews, driving his Ford car, on Sunday had the misfortune of coming into collision with another car between Fetter's and Boyes Springs. Both cars were damaged but luckily no one was injured.

Steward Wm. Suttenfield is busy examing samples as contracts for supplies are soon to be let for the ensuing year.

JERRY OF THE ISLANDS

By Jack London

One of the last books to come from the pen of Jack London is "Jerry of the Islands," and but recently came from the press of Macmillan.

In this tale London has used a dog "Jerry," as the hero, as he did in one of his first volumes to bring him fame, "The Call of the Wild." But aside from the fact that both stories reveal a deep knowledge of dog nature there is no similarity between them. "Jerry" is written with the Solomon Islands as a back ground, with tropic skies overhead and the human parts filled by characters which these environments produce and suit. Again, "Jerry" the golden-red Irish terrier, has no strain that binds him to the old nomadic dog life of the wilderness. He has no wild and fancy-free longings, his one intense desire is for a master.

Then after many adventures and nearly disasterous mishaps, he chances upon a couple who are easily recognized as Mr. and Mrs. London on their South sea cruise. "Jerry" adopts them unqualifiedly and eventually they carry him away and all go to live in a "fabled valley of far California." There he more than once proves his devotion and lives out his days in hapiness.

EPH. WEISS, the expert refracting optician will be in Sonoma at the Union Hotel on July 2nd. Permanently located in the Whitney Bldg., 133 Gearey St. S. F.

DARING PERFORMANCE

C. W. Vosmer will give a thrilling balloon ascension tomorrow. He is an old time aeronaut and will leave the ground hanging by his teeth when the big balloon goes up today at 10:30 from the plaza.

George D. Graham and party were in town from San Francisco in their Oldsmobile. They came via Black Point bridge.

Sam Benson who has a little summer place in Wood Valley was severely hurt when a huge boulder fell on him crushing his face. He was found unconscious.

Mrs. P. McDonnel and daughter have been visiting at the Gobar home.

Mrs. Hall and Mrs. Skinner have been visiting their mother, Mrs. McElroy.
